The quarterly charge (three months) is \$80.00. This includes two (2) 96 gallon containers; one for household waste and one for recyclable materials. The recycling container has a yellow lid or is otherwise marked for recycling. Waste Management of New Jersey is our service provider. There will be a convenience charge for a credit card payment or electronic bill payment in addition to the \$80.00. Once you have signed up for our service, it takes approximately one week for service to start.

Construction material must be placed in containers each not weighing more than fifty (50) pounds and not exceeding more than 100 pounds per collection. Wood must be cut in sections each less than four (4) feet in length. Christmas trees will be picked in January.
